PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XXXVIII

PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, DECEMBER 2, 1919

FUEL RESTRICTION ORDERS ISSUED FOR TO-DAY.

Orders eliminating electric signs and display advertising, limiting industries, except public utilities and plants engaged in continuous operations, to forty-eight hours' operation a week, restricting the hours of stores and office buildings to 9 a. m. to 4 p. m., and theatres, movies and all other public amusement places to 1 p. m. to 10:30 p. m., were announced Sunday by the Regional Coal Committee, effective throughout the Southern region at noon yesterday.

No orders to the local Fuel Administrator, James H. Thompson, to this effect, were received here up to last night, and until this has been definitely established the people are in a state of uncertainty as to what they should do. Merchants were on the anxious seat yesterday regarding the matter, and a number of them, including the clothing houses, agreed among themselves to observe the restrictions as outlined above.

Paris is in the Southern region controlled by the committee which issued the above order, so, unless there is a change in the situation, we bid fair to experience to some extent at least, "lightless nights and heatless days" for a while.

Two prominent citizens of the county told THE NEWS yesterday that, while on their way to church, they saw four trains on the Louisville & Nashville, heavily loaded with coal, one train in each block, while on another track was the same number of empties, going South. Large quantities of coal have been observed here, and on trains passing through.

STORM VISITS BOURBON.

A wind storm of great velocity, accompanied by heavy rainfall, visited this section Friday, doing considerable damage. A large barn on the farm of Willis Liver, near Austerlitz, was blown down, and the crop of tobacco it contained was ruined by rain. Roads leading into Paris were dotted with telephone poles and dead wood blown down by the storm. For the third time within a month the streams of the county were bafkful. The storm was an off-shoot from a big storm that hit the West hard the preceding day.

"AN EVENING WITH THE POETS" FRIDAY.

Prof. J. I. C. Noe, head of the department of Education, University of Kentucky, will visit Paris Friday night, December 5, to give an "Evening of Poetry." The entertainment is to be given under the auspices of the Woman's Clubs, community organizations and social institutions of Paris. Prof. Noe will give a number of his own poems.

SUBSCRIPTION SALE STILL OPEN

A number of inquiries have come to Manager Clarence Sprake as to whether or not the subscription sale to "Robin Hood" is closed. His reply is that the list is yet open for subscription reservations, which insures choice of seats in advance of regular sale.

The part made famous by Jessie Bartlett Davis, "Allan-a-Dale," is now enacted and sung by Lorna Donne Jackson, who scored such a hit last season in the part. Her singing of "O, Promise Me," and her portrayal of the dashing "outlaw" are extravagantly praised.

The crafty "Lord Sheriff of Nottingham," whose intrigues and eccentricities create the comedy situation, is played by no less a personage than Ed. Andrews, the veteran comedian of the famous Andrews Opera Company, whose prowess none will question. Equally eminent are the players of the jolly "Friar Tuck" and Sir Guy of Gisborne, the former by John Mac Sweeney, of the original Bostonians and the latter by Saul Solomon, one of Charles Frohman's reliable comedians and an acknowledged leader in comic opera. With such a "battery" of comedians good humor is certain to be strongly in evidence. (adv-11)

SECOND GRAND CHAMPIONSHIP STEER FOR CHRISTMAS

Mr. Hence Margolen, of the Margolen Sanitary Meat Market, purchased yesterday at a fancy price, from Mr. Jas. M. Caldwell, a 1,470-lb. steer that took the second Grand Championship prize at the Kentucky State Fair. This steer will be slaughtered for the Christmas market and should be the best piece of beef ever offered in this city for sale. (adv-11)

BAKER HELD TO APPEAR BEFORE GRAND JURY.

The examining trial of H. R. Baker, arrested in Louisville and brought to Paris by Deputy Sheriff James Gibson on charges of embezzlement and passing worthless checks, was held before County Judge George Batterson, Saturday. The evidence adduced at the trial showed that Baker had paid a portion of the money for the purchase of an automobile from J. M. Scott. After hearing the testimony and the arguments for the prosecution by County Attorney D. D. Cline and for the defense by Judge Denis Dundon, Judge Batterson held Baker in \$100 bond to appear before the grand jury at the next term of the Bourbon Circuit Court. Baker's wife and mother were present at the trial. When it was ascertained that warrants were ready in the hands of Lexington police to be served on him for alleged "cold" check transactions there, Baker decided to remain here and take his chances.

TURKEYS! TURKEYS! We are through receiving turkeys for the Thanksgiving market, but our pens will be opened again on December 1st to receive turkeys for the Christmas market, at which time we will pay highest market price. CHAS. S. BRENT & BRO. (18-1f)

RICE HAS CHANCE ON ALL-STATE ELEVEN.

In picking players for the prospective All-State High School football team several of the best coaches in the State have given Alex Rice, of Paris, one of the stars of the local team, very favorable consideration. Coach Paul Dexeheimer, of the Somerset High School team, says:

"In selecting an All-State High School team, I will have to confine myself to the teams I have seen play. Of course, there are always some good men that are overlooked, and some that I have not had the chance to see play. Dimon, of Louisville, and Rice, who has been playing end for Paris, will make any college two good tackles."

The coaches could not agree on the left tackle and the right guard. Gibson, of Louisville; Gibson, of Lexington; Rice, of Paris, and Bright, of K. M. I., were chosen for the left tackle berth. Bright was the only K. M. I. man chosen for any job and Rice was the only Paris boy to be mentioned.

TOBACCO MARKETS TO OPEN HERE TO-MORROW.

To-morrow the various tobacco warehouses will open their doors for the 1919-20 season, in disposing of the crop raised during the year. In this enterprise thousands of dollars are paid out to the growers, to the tenants and to the various branches of manual and clerical labor employed at the warehouses. Paris benefits financially to a large extent by these sales.

Every merchant in Paris knows how largely he is indebted to "tobacco money" for the swelling of his bank account. It's an endless chain—from the manufacturers to the buyers, from the buyers to the growers, to the warehouses, their helpers, and so on to the merchants. The money thus creates little financial waves which spread and spread until the business crafts of the city ride upon them into a safe and secure financial harbor.

The people of Paris, with a just appreciation of the benefits the tobacco industry brings to the city, extend the hand of welcome to the buyers who come here to represent their firms, and to the management of the warehouses, the workers and those dependent upon them, they express a sincere wish that the coming season may be a prosperous one in all respects.

DECEMBER COURT DAY.

Yesterday was one of the lightest "Court days" for several months. Activities on the farm, preparation of tobacco for the opening of the local markets to-morrow, and other activities kept most of the farmers busily engaged at home. There was but a small number of horses and cattle on the market, and very little business was transacted. Merchants report small volume of business and collections slow. Tobacco and its future prices constituted the chief themes of discussion among the farmers.

BURNING PITCH CAUSES ALARM OF FIRE.

An alarm from Box 15 yesterday morning about 10:45 o'clock called the fire department to the vicinity of the Louisville & Nashville freight station, on Third street. A big tub of roofing tar, which was being heated for use on the Power Grocery Co.'s building overflowed and caught fire, causing the alarm to be sent in. The firemen extinguished the blaze. No property loss.

COUNCIL PROCEEDINGS

At a special meeting of the City Council, last night, presided over by Mayor E. B. January, the following new members of that body, elected at the November election, were sworn in, and took their seats as Councilmen: George Doyle, Edward Burke, N. Ford Brent, Hugh Brent, James Moreland, John J. Williams and Catesby Spears. This being the sole object of the special meeting the Council adjourned until the regular meeting night.

At the last regular meeting of the Council, which was the last meeting of the old Council, all the members were present except Councilman George Doyle. This body gave the city a very creditable administration of affairs and retired with the good will of the people of Paris.

An ordinance was passed calling for an election on Dec. 27, for the purpose of voting on the question of a \$35,000 bond issue for completing the additions to the white and colored public schools of Paris. The Paris Milling Company was paid the sum of \$460 as the city's part in building the new dam across Stoner Creek near the Milling Co.'s property, which was recently completed. Following complaints of the contractors who are resurfacing Pleasant street with concrete several persons who had driven over the street before the concrete was dry were served with notices. These parties appeared before the authorities and agreed to make good the amount of damages alleged to have been sustained. The City Engineer reported serious defects in the recently completed sanitary sewer, which he estimated would require about \$10,000 to remedy, and advised that repairs be made before final settlement is made with the contractor, A. D. Sant.

BOLD THIEVES STEAL TOBACCO FROM BARN.

Bold thieves backed a wagon up to a tobacco barn on the farm of George Jones, on the Clintonville pike, near Paris, and made away with a quantity of tobacco estimated at about four hundred pounds, worth in the market in the neighborhood of \$200. The tobacco has not been recovered nor the thieves apprehended.

On the same night a thief or thieves visited a tobacco barn belonging to Dr. Wm. Kenney, and stole about \$70 worth of the weed. Dr. Kenney immediately got on the trail and suspicion falling on a colored boy named Henry Washington, a warrant was issued for his arrest. Dr. Kenney was informed that Washington had been seen peddling the tobacco in small quantities in various parts of the city. Following up the clues Dr. Kenney came unexpectedly upon his quarry, and took him to the Paris jail.

CONTRACT SIGNED FOR ROBIN HOOD.

So promised and overwhelming is the assurance of support for "Robin Hood" that a definite contract by The Phoenix Amusement Co. has been made and the DeKoven masterpiece will be presented at Paris Grand Opera House, December 9.

The coming of Ralph Dunbar's production of the famous American comic opera, if one is to judge by the sentiments expressed where the company has been, will prove a noteworthy event in local annals, for it affords the opportunity desired by many of hearing the opera adequately done, with a cast of real artists, an excellent chorus, an orchestra of symphony players, a full quota of mechanics with complete equipment of scenery, costumes, properties and effects. That some producer is willing to assume the risk of sending to the smaller cities such a production, is cause of gratitude from every one who appreciates real worth in this field.

While the usual advertising methods will be utilized, it should be remembered that the coming of Robin Hood is somewhat of an experiment, and if we are to be accorded visits by productions of its class, the attendance of many who are not interested in ordinary theatrical offerings must be assured. To do this everybody who believes in American standards of musical art and enjoys clean, delightful entertainment should do his share of boosting. (adv-11)

REAL ESTATE TRANSACTIONS

That Bourbon county land is one of the best investments in the real estate line was again demonstrated Friday, when Wm. H. Whaley, Jr., purchased of Charles N. Peddicord, a ten-acre tract of land, located on the Paris and Lexington pike, near the city limits, for \$1,300 an acre, a total of \$13,000 for the entire tract. The land adjoins the home place owned by Mr. Whaley, giving him about thirty-three acres of valuable property. The latest purchase has on it improvements in the shape of a modern bungalow, tobacco barn and other buildings. Mr. Peddicord bought the place about two years ago, for about \$9,000. In 1918 he sold over \$5,000 worth of tobacco grown on the place and \$2,000 worth of hogs raised by him on the same place.

Through the Paris Realty Co., Mrs. Margaret Terry Stitt, of Lexington, sold to R. P. Walsh, Friday, her bungalow located at the corner of Main and Twelfth streets, for \$6,000. The home is one of the most convenient in the city.

HOLIDAY SEASON APPROACHING

With the Christmas holidays now a matter of but a few weeks, the display windows of Paris merchants are beginning to take on the appearance of the Yuletide. The attractiveness of the displays, the variety of the goods in stock and offered over the counters, and the general feeling of optimism among the shoppers, all contribute to make the Christmas shopping prospect a bright one for the merchants and the shoppers.

With the reopening of the tobacco markets in this city, a large sum of money realized from sales by growers and their tenants, will be put in circulation, and, together with the big sums held in the Christmas Savings Clubs of the Paris banks, will swell the sum total in the business channels to large proportions. Altogether the outlook for a prosperous season for the merchants seems very assuring.

TELEPHONE POLE FALLS: NARROW ESCAPE FOR MEN

A large telephone pole being erected by Cumberland Telephone Co. employees near the plumbing establishment of John Merringer, on Main street, Friday afternoon, fell, when a rope holding it in position, broke. Workmen and occupants of a passing automobile had a narrow escape from being struck by the falling pole.

The workmen had just placed the big pole in position with a block-and-tackle arrangement, and were preparing to secure it in the ground when the rope broke, throwing the pole across Main street. An automobile passing by narrowly escaped being struck, the pole falling within a few inches of it. The workmen and John Merringer, who was assisting them, also had narrow escapes.

PUBLIC SALE

Auction of Mason County Farm on the Premises at 2 O'clock Rain or Shine

Monday, Dec. 15, 1919
OF 208 ACRES OF LAND

With one set of improvements to close up the estate of the late Wood Bramel and divide the proceeds among the heirs at law.

I will offer at auction in three separate parcels, and then as a whole the 208-acre tract of land in the Lewisburg precinct, about 10 miles from Maysville. 180 acres in bluegrass, 3 acres of timber, oak, ash and walnut. 25 acres that was in corn and tobacco this year. This land is limestone soil with a clay subsoil, and is well watered. Has a large 10-room house, large double corn crib, 1 5-bent tobacco barn, and 1 good stock barn.

Said farm has been in possession of the Bramel heirs for over sixty years and has been largely used as a stock farm, therefore a portion of same is virgin soil. All of this land will grow tobacco. While there is one tobacco barn on it there is enough timber on the place to build several barns and another house or two if such is desired. All you have to do is to cut down the trees, have your saw mill pull in and cut out what you want in the way of lumber, tobacco sticks or clapboards. Should you wish to continue the raising of stock you have 180 acres of bluegrass to start with.

In case of rain or snow we will make arrangements to hold the sale in the tobacco barn, as this land is bound to be SOLD, Rain or Shine. Out-of-town bidders that come to Maysville, can come to No. 209 Market Street to M. F. & D. B. Coughlin, Real Estate Office, and get information they are looking for.

This farm will be sold on the liberal terms of one-third down March 1, 1920, when deed is made; one-third in one year; one-third in two years, with lien retained in deed for balance of purchase price, with 6 per cent. interest, payable semi-annually; 10 per cent. cash payment to bind the contract on day of sale.

I, myself, not being able to go over this land to show the corners and lines, also advertise and conduct the sale, prospective purchasers can get their information and will be shown over the land and lines by M. F. & D. B. Coughlin, Real Estate agents of Maysville, Ky.

SHOULD BE QUARANTINED

Many physicians believe that anyone who has a bad cold should be completely isolated to prevent other members of the family and associates from contracting the disease, as colds are about as catching as measles. One thing sure—the sooner one rids himself of a cold the less the danger, and you will look a good while before you find a better medicine than Chamberlain's Cough Remedy to aid you in curing a cold.

NEW TREATMENT THAT KNOCKS RHEUMATISM

75c Box Free To Any Sufferer

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffering from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expenses to me personally." F. H. Delano, 1389 Griffin Square Build., Syracuse, N. Y. I can send only one Free Package to an address. (25-3t)

BOURBON TOBACCO WAREHOUSE COMPANY

Having Received Positive Assurance From the Heads of the Big Companies That Their Buyers will be on Hand, Announce Their Opening Sale for

WEDNESDAY, DECEMBER 3

TOBACCO RECEIVED ANY TIME AFTER NOVEMBER 15

COME TO THE OPENING AND SEE

OUR NEW HOUSE

Consider These Facts:

1. The Paris market sold 12,000,000 pounds of tobacco the past season for the highest average obtained on any market in Kentucky.
2. The Bourbon Tobacco Warehouse Company sold in their two houses more than 8,000,000 pounds of tobacco for the highest average on Paris market.
3. We now have three of the best and finest lighted houses in Kentucky.
4. Our Auctioneer, Mr. Wikoff, will be back. He is in a class by himself, as those who have heard him know.
5. We have the best starter in Kentucky.
6. This Company has held down the fees on the Paris market for seven years and will hold them down again this year in spite of the fact that we were strongly urged to raise them.
7. This means a saving of 30 cents per hundred on \$40 tobacco; a saving of 35 cents per hundred on \$50 tobacco and 40 cents per hundred on \$60 tobacco. Last season the lower fees saved the patrons of Paris market \$36,000.

8. We do not try to pinhook our customers, but do our best to give all the same treatment and the best information at our command at all times. Last season we advised everybody to hold tobacco until January 1st. We now want to inform you that tobacco is very, very high in North Carolina, and judging our market by that, as we have been able to do in the past, good bright tobacco will be very high in Kentucky. The apparent large per cent. of low grade tobacco in this crop has a tendency to make us apprehensive of lower prices for common tobacco, though we are glad to note a very considerable advance in low grades upon hoghead market in the past ten days.

9. It will pay you to put your tobacco over the floor. The speculator who offers to buy expects to make money and is probably better posted than you.

10. Take pains in stripping and sorting and let us sell your crop for the High Dollar.

PUBLIC BENEFIT SALE!

A REAL ECONOMY EVENT

Months ago, aware of the rapidly rising cost of all merchandise, we bought heavily. This has been a backward season. Weather conditions have not been such as to encourage spirited early buying. Today our cabinets and shelves are filled with new Fall merchandise bought far below its present value. These circumstances, together with our desire to do our share to aid our friends in reducing the high cost of living as far as we are able, is responsible for this Public Benefit Sale.

Here is an announcement that should be greeted with wild enthusiasm in hundreds of Bourbon County homes. Coming as it does at the beginning of the season it affords you an opportunity to completely garb yourself in the season's newest apparel at actually less than we could replace it for were we to buy it today. What are you going to do about it? Surely you will grasp this opportunity, which means such great and timely savings to you. Come, come early. Get your choice.

TO MY FRIENDS AND PATRONS

You only have about three weeks in which to have your photograph taken for Christmas. During the past two years the photographic art has become a science, and to go it one better I have composed an electric lighting system for studio use only, that makes all other lights look dim and low. Have you such a light in your home?

Pardon me for appearing in type these busy days, and excuse me for using sayings that I hear in the studio, but they are true, and greatly amusing to me, even in the present state of my health. Now, showing proofs that have not been touched up, I hear customers say: "Oh, I am not that fleshy!" or, "Really, I am not that slender!" or, "I look awful. I don't like my hair put up that way." Now, a word or two to you. I can beautify or modify, as the case may call for. When preparing for a sitting, why don't you leave your vanity at home and be photographed as men and women. Then comes up the old argument: "I don't like that coat. Can I have another sitting gratis?" But the question now is will you appear natural and at ease as a subject for the camera?

Remember, please, the time is getting short, and if you want to get your photos in time for Christmas, you must have the work done now.

And Now A Word to the Wise

Christmas will soon be here and those who are wise will do their shopping early. Under the present conditions prevailing in the manufacturing line—the shortage of materials—the curtailment of the working hour and the unsettled conditions of labor—has made it a most difficult matter to obtain the right kind of goods in sufficient quantities for the holiday season. We made an early trip to the Eastern markets gathering up the best and most reasonable novelties of the year; frankly we have not received all that we purchased, but the bulk of our goods has arrived and we are now prepared to show them to the early buyer. But you must not delay this year, or you will be badly disappointed, for the stock will soon be picked over and the nicest goods naturally will be the first selected. So bear our warning in mind—take the hint and do your Christmas shopping NOW. Anything purchased now will be gladly held for you till Christmas.

Will Not be One Day Without

PE-RU-NA

This Lady TELLS Her FRIENDS

Mrs. Mary Fricke, 507 Bornman St., Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay on a pillow. Saw your book, tried PE-RU-NA and got good results from the first bottle. To be sure of a cure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. Have not had a doctor since I started with PE-RU-NA, which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I hope lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.

MRS. MARY FRICKE

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried. PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, soothe the irritated mucous linings, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.

First Wedding Veil.

The first wedding veil was called the "flammeum." It was a large yellow veil that completely covered the Greek and Roman brides during the marriage ceremony. The bridal wreath of orange blossoms, which is the conventional thing today, was introduced into Europe by the Crusaders, and is a Christian substitute for the gilt coronet worn by the Jewish brides.

Honesty is the best policy, but deliver me from the man who is honest because it is best policy.

Send Profiteers To Prison

"If the law is to have salutary effect at all, that can be accomplished only by the imprisonment of persons convicted of profiteering in the necessities of life."

These are not the words of an academic thinker, nor of a sensational reformer. They are the dictum of a Federal Judge in New York City, after hearing the jury's verdict of guilty after trial of two commission merchants accused of extorting 22½ cents a pound for sugar for which they had paid only 9½ cents. Such an indication of judicial alertness to public sentiment will be hailed everywhere by Americans disgusted with the utter failure of fines to reform such offenders.

The profiteer quails before a prison sentence. Punishment in these cases must be made exemplary.

WHITE PLAGUE IS MORE FATAL THAN GREAT WAR.

"The National Tuberculosis Association is engaged in a battle in which it will be successful only in the degree that it is persistent. The campaign faces much-goaded popular sensations which are resolved to relax at any cost, and thus it finds the task more difficult. Because the 'white plague' lacks sensational elements it does not command attention and many people think that the subject does not concern them. But we felt a certain concern when the Germans were accounting for the deaths of some 60,000 Americans—how, then should we feel toward the enemy at home, which during the same period of time, took toll of 150,000 American lives? The good-natured public is slow to wrath, but slower still to comprehend the truth when doing so requires it to change established notions. It is high time we set ourselves right and realize that tuberculosis claims a victim out of every three persons who die between the ages of 18 and 45—the productive time of life. It is estimated that the economic waste from the disease in the United States is \$500,000,000 annually. The fight against this ravager is more than a question of health—it is one of economics and production as well. And there is a good prospect of making progress against the disease. That tuberculosis is both curable and preventable has been established beyond doubt by science. We cannot afford to ignore the challenge.

"This year, through the influence of war, the United States is faced with an unprecedented shortage of homes, a shortage which makes overcrowding in our cities more intense. Tuberculosis thrives in a crowded, bad air and unsanitary conditions make it flourish. But science offers methods which will more than offset the handicap, and it only remains for the public to support the organizations which use the power of science. Red Cross Christmas Seals will soon be here, and their sales will register the amount of fight which the public is resolved to subscribe the coming year."

SECURES A NEW LEASE OF LIFE THROUGH TRIAL

"I'm 67, But I Feel Young and Strong, Since Using Trutona," Stephenson Says.

LOUISVILLE, KY., Dec. 1.—"I'm sixty-seven years old, but regardless of my age I feel young and strong to-day, since taking Trutona," Joseph Stephenson, a Louisville carpenter who lives at 3411 W. Kentucky Street, said recently.

"I had a bad cough," Mr. Stephenson said in describing his case. "During the severe winter of 1917-1918 I moved from the country into town and contracted a bad cold at that time. I didn't dare to exert myself as I would invariably suffer a severe coughing spell if I did. I think I used every cough syrup I could find and I tried several other means, but I didn't get relief from the cough until I began using Trutona.

"My friends told me I looked wretched and I certainly felt that way before I began taking Trutona. I came home from the South, where I had been working, presumably to die, but now I feel like a different man. The severe cough has practically disappeared now. As I said, I'm feeling young and strong at the age of sixty-seven."

Here is another of thousands of cases where Trutona has brought long-needed relief after other medicines had failed. The perfect tonic is almost unfailing in its successful treatment of stomach, liver and bowel troubles, nervousness, sleeplessness, loss of appetite and the like. As a reconstructive tonic, system purifier and body invigorant, Trutona is equally as efficient.

Trutona, the perfect tonic, is now being introduced and explained in Paris at the Drug Store of G. S. Varden & Son.

SPLENDID COUGH MEDICINE

"As I feel that every family should know what a splendid medicine Chamberlain's Cough Remedy is, I am only too pleased to relate my experience and only wish that I had known of its merits years ago," writes Mrs. Clay F. Ferguson Station, Mo. "I give it to my children when they show the slightest symptoms of being croupy, and when I have a cough or cold on the lungs a very few doses will relieve me, and by taking it for a few days I soon get rid of the cold."

Why Is A Headache?

Various Causes For This Common Affliction

Anemia or Bloodlessness a Very Common Cause

Pepto-Mangan Overcomes Anemia and Tends to Prevent Headaches

When one has an occasional headache it is usually due to some transient or passing cause, such as indigestion, eye-strain, over-tiredness, etc. When, however, one suffers from frequent periodic headaches there is always some special reason for it. Among the most common of such reasons is Anemia or Bloodlessness. This condition is especially frequent among girls and young women and those whose occupations or habits of life keep them too much indoors. The one important necessity in such cases is to build up the quantity and quality of the weak and watery blood. Gude's Pepto-Mangan is exceptionally valuable for this purpose. It increases the number and improves the quality of the red blood cells, those vital little bodies which carry nutrition to all parts of the body. It improves the appetite, imparts color to the face, and restores health and strength to the body generally. After a short course of Pepto-Mangan the headaches decrease in frequency and severity, and finally disappear, if they are due to Anemia. Pepto-Mangan may be had either in liquid or tablet form, as prepared. When buying Pepto-Mangan be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

PRESBYTERIANS ESTABLISH AN ADVERTISING BUREAU.

The Department of Publicity of the Presbyterian church in the U. S. A., is the first in the country to undertake systematically to educate churches up to regular newspaper advertising. This department, whose headquarters are 156 Fifth avenue, New York City, has just opened a Western office at 17 North State street, Chicago, with Herbert H. Smith in charge. The special work of this office will be the development of this plan of systematic newspaper advertising by the Presbyterian churches.

Mr. Smith was formerly managing editor of The Continent, of Chicago, and prior to that was engaged in daily newspaper work. He has specialized in church advertising. He is the author of a book on the subject and has given lectures on it in McCormick Theological Seminary.

Already Presbyterian churches are doing a great deal of newspaper advertising and are responding rapidly to the work of the Presbyterian Department of Publicity along this line. So great has been this response that it has become necessary to open this Western office.

PAPER SHORTAGE INCREASES ALL NEWSPAPER RATES.

The consumption of news print paper in the United States is exceeding the supply so materially that the publishers of the country are facing a critical situation. The question of curtailment demands immediate attention. Indeed matters have reached such a pass that members of the American Publishers' Association in a meeting held in New York passed a resolution recommending that the regulations of the War Industries Board for the conservation of news print paper be strictly adhered to, and urging publishers everywhere to increase materially their advertising and subscription rates and at the same time to limit the size of their issues. The paper shortage is bad, and it is getting worse. It is clear that correctives more substantial than talk and discussion must be tried. There must be a limitation of the room allowed for advertising. There must be a general conserving of space and a better utilization of it. Increases in rates and in subscription prices, and limitation of the size of newspaper issues are bound to come. There is no immediate way to escape these things.

Judy, from Mrs. Judy, telling of the death of her mother, Mrs. Nannie Houston Boone, aged seventy-six, which occurred Friday afternoon, in Arkansas City, Kansas. Mrs. Boone had been ill but a short time, her death being due to the infirmities of age. Mrs. Boone was a daughter of the late Mr. Frank Houston, one of the pioneer residents of Bourbon county, who resided on his farm near North Middletown until his death, which occurred a few years ago. He was a man of unusual intelligence and well-versed in the history of Bourbon county. Mrs. Boone had been making her home in Arkansas City for several years. She is survived by two daughters, Mrs. Watson W. Judy, of Paris, and Miss Frances Boone, of Arkansas City, and one son, Frank Boone, of Oklahoma, all of whom were at her bedside when the end came. She is also survived by two sisters, Mrs. Jos. M. Rion, of Paris, and Mrs. Albert Craig, of Vevay, Ind. The funeral and burial took place in Wichita, Kansas, Sunday afternoon.

"THE MIRACLE MAN" VIVID AND SEARCHING DRAMA

Notable Screen Offering Peculiar in Moral and Appeal.

(By Enoch Grehan)

"The Miracle Man," with Thomas Meighan and Betty Compson in the leading roles, will catch the fancy of photo connoisseurs as few screen productions have been able to do since the "Crisis," "Birth of a Nation" and similar masterpieces challenged popular attention.

Unlike the photoplays here mentioned, "The Miracle Man" depends rather upon finished delineation in

the silent drama than upon spectacular effect, and in that peculiar sense, therefore, is a superior work of art. But in still other senses it is a more impressive screen narrative than its more widely known predecessors. It tells a remarkable story with transcendent emphasis and serves to disclose in Thomas Meighan and Betty Compson virtues in the field of ingenuous and natural delineation that other vehicles entrusted to their keeping and not hitherto brought to light.

The pervid imagination of a public pitched to high key of expectation by the industrious activity of an ingenious press agent sometimes recoils with disappointment at not finding a great "moral" or a great

"lesson" in photoplays like "The Miracle Man" and its kind, but frankly speaking, in this more than remarkable screen offering there are both a moral and a lesson.

One would be a generous critic indeed if he found in it sufficient basis for the assertion that it is either a great work of art or an unusual story, but there is in it that which somehow goes with the spectator to his home, thence to his pillow; and he may not be unduly surprised if it even intrude upon his sleeping hours with its searching memory of noble conflict between righteousness and sin; between love and lust and the final triumph of faith like unto the faith of those who are said to have some to scoff but remained to praise.
